

DHC USA Inc. Debuts Olive Virgin Oil Swabs

SAN FRANCISCO, Calif., December 1, 2005—

DHC USA Inc., a Japanese skincare leader, introduces DHC Olive Virgin Oil Swabs—gentle cotton swabs infused with DHC’s signature moisturizer, Olive Virgin Oil. They are perfect for touch-ups or to clear away residual makeup after cleansing. Each single-use swab’s 100% cotton tip is saturated with nourishing oil to spot-condition extra-dry areas, including the skin around your nose and eyes as well as cuticles. These multipurpose swabs are wrapped individually to maintain hygienic quality, and they are perfect for travelers and others on the go.

“Use DHC Olive Virgin Oil Swabs to clean around the outer ear area. The olive oil will help to remove waxy buildup,” explains Gloria Ortiz, trainer and licensed esthetician at DHC USA’s headquarters in San Francisco, California. “I’ve also found that they are perfect for helping my skin recover from breakouts by moisturizing the flaky areas where old blemishes used to be. The swabs are gentle enough to use even on a baby’s delicate skin.”

The Benefits of Virgin Olive Oil

As its name suggests, the key ingredient of DHC’s Olive Virgin Oil Swabs is virgin olive oil, known to be one of nature’s best weapons against moisture loss. Not only is it abundant in vitamins and exceptionally rich in age-defying antioxidants, it also mirrors the properties of skin’s natural oil, making it gentle enough to use daily, even on sensitive skin. DHC’s virgin olive oil is extracted without using any forced compression or heat.

Pricing and Availability

DHC Olive Virgin Oil Swabs are available at the special price of \$3.00 for 50 swabs through January 31, 2006, and thereafter at their regular price of \$4.00.

DHC Olive Virgin Oil Swabs are available by catalog or through DHC’s website.
